## About your team

Safer Neighbourhood Teams work with local people and partners to identify, tackle and solve issues that matter to the community where you live.

Making neighbourhoods safer by cutting day to day crime and anti-social behaviour is at the heart of keeping people in West Mercia safe. Thanks to an investment in mobile tablet style computers, these will enable officers to spend more time on patrol on the street and in neighbourhoods.

Officers will continue to come to people when they need them and provide a high quality service however you contact us - in person (on the street, at community bases and at partners and communities together [PACT] meetings), on the phone or online.

## Rural Watch Newsletter

Good Afternoon folks,

The yearly Nozstock event was held last weekend and on the whole the ‘nossers’ were very well behaved with only a few incidents being reported. A few arrests were made by police, one for possession of drugs, one for breach of the peace, one through drink/drug driving and there were also couple of motoring offences too. Considering there were well over four thousand people attending I would say that is was a great success! Congratulations to Pete and all those that have worked so hard to organise the event.

## Incidents of note

Two attempted thefts have been reported in the Tedstone Wafre/Delamere area over the last couple of days whereby offenders have tried to access garages and work units. 0090-S-270717 refers to an incident in Rowden whereby a shed was broken into and tools and garden equipment stolen from within. 0176-S-050717 Trailer, power washer, battery and battery charger were all stolen during a theft from an open fronted barn in Thornbury.

Please be vigilant whilst out and about, lock all garden equipment away and report anything suspicious on 101. If you have a property marker, please make sure you mark your items, if you would like a FREE marker pen, please give me a shout.

0154-S-220717 A vehicle parked in Bromyard has had the tools and equipment stolen from within. The locks to the van had NOT been damaged, thieves had used a specialised tool to open the standard van locks. If you do leave tools in your vehicle, it is worth investing in an armoured style lock like this:

0696-S-140717 An unusual one, a spare wheel has been stolen from underneath a Land Rover. It is not known exactly where the offence occurred, but please keep an eye on yours if you have one!

0390-S-110717 Further to my last briefing an honesty box was stolen from a driveway in Boat Lane, Whitbourne. Please empty them at regular intervals.

0247-S-040717 Theft of diesel/fuel from a property in Ocle Pychard. Due to the location, nothing was seen or heard.
